

Leasing Opportunities

How you can lease space to the State of Michigan

Property owners with office or warehouse space to rent may find new business opportunities with the State of Michigan.

Currently, the Real Estate Division of the Department of Management and Budget manages nearly 600 leases for property all across the state. Our landlords provide 7.9 million square feet of space – and collect nearly \$105 million in rent annually.

If you have facilities that may meet our space needs, contact us today to learn how to become a State of Michigan landlord!

DMB's Real Estate Proposers List

If you are interested in leasing space to the State, take your first step by registering online. You can add your name and information to the Interested Proposers List for Real Estate at www.state.mi.us/dmb/lessor/lessors.asp.

On this Web page, you will also be able to list the counties where you have available property. As a registered member of our Proposers List, you'll receive e-mail notification whenever we have space needs in the counties that you identify.

Requests for Proposals

You are able to review all current space needs online 24 hours a day. Just visit www.michigan.gov/BuyMichiganFirst and select the Real Estate Contracts link. This link connects you to detailed information for current RFPs, including sample leases, floor plans, building and janitorial specifications, and required legal documentation. You will also find other resources to help you become a State of Michigan landlord.
